

Create IBM Cloud Account

The screenshot displays the IBM Cloud Dashboard interface. At the top, a browser window shows the URL <https://cloud.ibm.com>. The dashboard header includes the IBM Cloud logo, a search bar, and navigation links for Catalog, Manage, and the user's account (Chandramouli V's Account). A 'Create resource' button is prominently displayed in the top right.

The main section is titled 'Dashboard' and features a 'For you' section with a horizontal scroll of cards. The first card is 'Build', which includes a sub-section 'Explore IBM Cloud Shell' with a 'Getting started' button and a '2 min' duration. Other cards in the scroll include 'Get Started with the CLI', 'Get Started with Watson Studio', 'Watson starter kits', 'Get started with Watson Discovery', 'Accelerate delivery of static files', and 'Choose a Database'.

Below the 'For you' section, there are four main content areas: 'News' (listing articles like 'IBM Cloud Satellite New Pricing'), 'Recent support cases' (with a 'View all' link), 'Planned maintenance' (with a 'View all' link), and 'IBM Cloud status' (showing a world map and 'No issues' status). A 'View all' link is also present for the 'News' section.
